

Telecoms Expert Support

We provide services to multiple industries with powered access, working at height training & machine sales.

Our Expertise

The AFI-Rentals success as a business comes not just from our financial performance but also from our recognition of our responsibilities to our team, the environment and the communities in which we operate.

Our activities centre on the provision of equipment, training and accreditation, which together ensure compliance with regulatory responsibility and protect the safety of the workforce of more than 9,000 customers each year.

We are professional experts providing the latest technology and products to our valued customers all over the UK.

Our dedicated team is here to plan and manage your working at height projects from start to finish.

We can provide desktop surveys as well as on-site surveys, and pre-start meetings, offering the very best offers and advice.

Over 100 Trucks and Spiders Ranging from 14m to 75m are available.

Featured machine: RUTHMANN STEIGER T330 (TM33)

Equipment & Expertise

✓ A modern truck-mounted hire fleet with reach heights of up to 75m.

✓ Meetings with your dedicated account manager when required.

✓ Site surveys carried out by request, often within 48 hours.

✓ Expert specialist site review and recommendations.

✓ Risk Assessments and Method Statements (RAMS) held by all drivers.

✓ A modern fleet of track-mounted booms for soft ground conditions and rough terrain.

- ✓ Full traffic and pedestrian management services are provided to LANTRA Standards M7-MI.
- ✓ Traffic management permit dates are obtained and confirmed to you by email as soon as we receive them.
- ✓ Barriers can be supplied to each site, with same-day collection unless advised otherwise.
- ✓ Full Trackway availability.
- ✓ Berthing, plans, quotes, RAMS, and Rescue plan provided.
- ✓ We have one of the largest fleets of spider lifts in the UK. Our tracked booms are ideal for soft and challenging ground conditions along with some having 400kg SWL extra capacity baskets
- ✓ We can raise permits for our operatives for Cellnex, Ericsson and MBNL

Featured machine: Versalift 13 (VM13.5)

A culture of Excellence

The importance of customer service is shown via the AFI Customer Charter

AFI Customer Charter

The 'AFI Way' is being friendly, helpful and professional.

We will continually:

- Put our customers at the heart of everything we do
- Work as a team, fully supporting our colleagues
- Treat everyone with honesty and respect
- Look out for colleagues and ensure customer safety

We strive to build an enviable reputation for customer service.

Proudly Accredited

We are proud that our commitment to ESG has been recognised through a large number of independent accreditations and awards.
