FEATURED MODEL **MANITOU MT1335 EASY**

The MT 1335 Easy telehandler is designed for work sites that need lifting performance from two to three stories tall. It comes equipped with compact outriggers which improve its offset as well as the general performance allowing the machine to easily navigate in more confined spaces. Its lifting capacity is 3.5t up to heights of 13m. And for the comfort of the operator, the spacious driver's cab is equipped with the JSM system and an ergonomic, intuitive instrument panel, and is easily accessed with its wider door.

The information provided is for guidance only. It may change at any time in accordance with manufacturer's specification.

*Over tyres - dependant upon tyre specified
