WILSON

ACCESS HIRE

The CTE ZED 26JH has a working height of 26.00m and a 14.00m horizontal outreach. The telescopic boom with jib allows access to hard to reach areas. This truck mounted cherry picker for hire is excellent for applications including façade cleaning, arboriculture and forestry work as well as roofing and guttering work. This machine is supplied with an experienced and fully qualified operator.

The information provided is for guidance only. It may change at any time in accordance with manufacturer's specification. Variable jacking will affect the working envelope. Outreach is variable depending on load, angle of rotation and outrigger configuration.
