HORIZONTAL REACH	38.20m
WIDTH MAX WORKING	8.89m
WIDTH MIN WORKING*	2.51m Variable
SAFE WORKING LOAD	600kg
WEIGHT	30,300kg
CAGE DIMENSIONS	2.4m x 1.04m x 1.10m
CAGE ROTATION	400°
IPAF CATEGORY	1b operated only
SLEW	540°

FEATURED MODEL	Palfinger P640
----------------	----------------

The Palfinger P640 has a working height of 64 meters and a lateral outreach of 38.20 meters. The up and over of this access platform is truly impressive. The cage has an impressive 360° non-continuous rotation allowing it to swivel round and allow you to work comfortably from the basket alongside the building. This has an impressive 600 kg safe working load allowing plenty of people and equipment lifting capability. It is available for hire with a cage winch which is integrated with the MEWPs operating system. This access platform comes with on board power to platform, which many of our customers will find useful for working at height with power tools.

The information provided is for guidance only. It may change at any time in accordance with manufacturer's specification. Variable jacking will affect the working envelope. Outreach is variable depending on load, angle of rotation and outrigger configuration.
