FEATURED MODEL	Palfinger P750
----------------	----------------

Palfinger P750 Truck Mounted Cherry Picker for hire has a working height of 75 metres which makes the P750 the access platform with the greatest working height in this class. The lateral reach of 39 metres allows plenty of room for manoeuvre. Also this machine has a telescopic basket with 600kg basket load.

The information provided is for guidance only. It may change at any time in accordance with manufacturer's specification. Variable jacking will affect the working envelope. Outreach is variable depending on load, angle of rotation and outrigger configuration.
